While this talk will be aimed at non-libertarians, you folks might get some good ideas to. The seminar is intended to show folks how to get government out of their lives, not to spread libertarian philosophy per se. It is to contain practical ideas for becoming a self governing person. You are encouraged to bring a non-libertarian friend(s) for an excellent exposure to libertarian ideas. Even (Jr.) High school students have found him very informative and interesting.

The ASSOCIATION FOR SELF GOVERNMENT is a non-partisian educational orgainzation specializing in rediscovering ways in which liberty minded persons can become more free, and communicating these ideas to others. Marshall Fritz shall speak, and is, by the way, an excellent speaker.

Treasury has about \$100.00

Freedom is NOT free... Please give time &/or \$\$\$

Really folks, if you do have a job, can't you afford 10 cents a DAY to help the cause of freedom? I mean that's less then a piece of penny candy costs. I mean, if all of you who get this and are employed only purchased 10 cents worth of freedom each day, then we would be in good shape. Please start a twinkee jar. What is a twinkee jar?? Welllll...

Our fore-fathers, and mothers, pledged their lives, their fortunes and their sacred honor to give us the freedoms we take for granted.

Can you Pledge 1/2 of your weekly (pick one - twinkee, chocolate, beer, cigarettes) ration to help maintain those freedoms? A good way to do this is to have a jar, and everytime you purchase one of the pledged items, put a matching amount in the jar.

H E L P!!      H E L P!!      H E L P!!      H E L P!!      H E L P!!

Can anybody help with clerical stuff? Penn needs a person to volunteer one morning a month.

We can help someone. If you would like to use an office in exchange for answering the phone and a nominal monthly fee, contact Dave Daniels about sharing the Party office, and having it mostly to yourself in the day.

\*\*\*\*\* TAX LIMITATION AMENDMENT \*\*\*\*\*

Dr. Robert Genetski is the chief economist with the Harris Bank in Chicago. At a recent speech at a symposium of key Colorado legislators and business leaders he stated that both his own investigations and a study by the University of Alabama, funded by Sears Roebuck, indicate that economic growth and climbing taxes are fundamentally incompatible.

He challenged the folk beliefs of Colo lawmakers that higher public spending helps the economy, and indicated that there is decisive evidence from follow-up studies of Prop. 13 in Calif. and Prop. 2.5 in Massachusetts, that tax reductions were catalysts for economic rebounds in those states.

He said "I urge you to resist any further increases in Colorado's tax burden because you will do serious harm to the state economy." He insisted that the projected state windfall of \$200,000,000. from the fed. tax reform be given back to the citizenry.

When asked about "4" he was "all for it"

So lets make Colorado a Tax limitation state. Volunteers are needed to pass out literature, man phone banks, lick envelopes solicit funds etc. Call the Amendment 4 campaign hdqtrs, 744-7584 744-7585. Ask for Ruth Prendergast. Address is 695 South Colo Blvd.

PLEASE!! HELP PUT A CAP ON TAXES!!
